### ASCENT TO THE PEAK OF TEIDE

Embark on an adventure that will lead you to the roof of Spain: Mount Teide summit, thanks to the special permit given by the National Park's authorities to go up this volcano's crater. Us lovers of walking and hiking will experience something truly unforgettable. We will endeavour physically, mentally and personally to reach the 3,718 m high summit and will be rewarded with an impressive, panoramic view over Tenerife and its neighbouring islands, if the weather is on our side.

### ASCENT BY CABLE CAR

The upper station is located at 3,555 m above sea level and is the starting point of the hiking route (trail No. 10, Telesforo Bravo), which leads directly to the highest peak in Spain. Here you can enjoy some of the world's most spectacular scenery.

### PROGRAMME OF THE ACTIVITY

- Arrival at the Cable Car's base station and meeting with the guides. Time to go the bathroom.
- **20 minutes after arrival:** Ascent by cable car.
- **30 minutes after arrival:** Arrival at the Cable Car's upper station and start of the ascent on foot.

- **1 hour and 30 minutes after arrival:** Start of the descent on foot.
- **2 hours after arrival:** Arrival at the upper station.
- **2 hours and 20 minutes after arrival:** Descent by cable car.
- **2 hours and 30 minutes after arrival:** Arrival at the base station.
- **2 hours and 40 minutes after arrival:** End of the activity.

# ASCENT TO THE PEAK + CABLE CAR

## OBSERVATIONS

The reservation will be secured once we have received the full names and ID numbers/passport numbers of all participants. We will then issue you with access passes to enter the crater. In the event that the confirmation is not possible, we will offer an alternative date.

The ascent is not recommended for people with heart problems or pregnant women due to the risk that high altitude poses to their health. Consult your doctor before planning your visit.

Children under 8 cannot participate in this activity.

## CONTINGENCY PLAN

In the event that the access roads to Teide are cut off due to weather conditions, the activity will be postponed or cancelled, in which case its cost will be modified accordingly.

In the event that the cable car cannot be used for safety reasons, due to weather conditions or technical issues, or if the trail No. 10 Telesforo Bravo from La Rambleta to the Pico Viejo viewpoint is closed due to snow or ice, an alternative route in the National Park will be arranged.

In the event of the onset of poor weather conditions during the hike, your guide (who knows the suitable conditions of the mountain) will decide whether to continue the tour or cancel it.
